DAHLIAS

1938

1938

It is with pleasure we present this, our latest Catalog, to Dahlia lovers throughout the entire country, and express our deep appreciation for the liberal support accorded us.

The many letters from our customers telling of their pleasure and successful winnings with our dahlias and seeds have been a continual source of gratification and inspiration.

Do not hesitate to write and ask for any information.

This past season it was a pleasure to meet so many of our dahlia friends at our gardens, located on Kentfield Avenue in Redwood City, San Mateo County, the floral county of California, where the climatic conditions allow a proper growth for experimental purposes. Dahlias grown under these conditions should do well in any part of the world. We always have the very latest varieties of dahlias—Eastern and Western—including the best and most sensational of the day, and the finest of old standard ones.

True lovers of flowers will continue to maintain gardens, whether they be large or small, as they give an expression of joy, happiness and health to those who work amongst these beautiful flowers.

With continued thanks for your loyalty, and the hope that this catalog will be of continued interest, we wish you all success and great pleasure with your dahlias for the coming season.

KING ALFRED

Seal's New California Giant Dahlia

KING ALFRED—Informal Decorative

Immense, full, velvety blossoms of a color resembling that of a rich, red ruby inclining toward crimson. The long silver-backed petals turn and swirl showing the silver lining, making an unusual and delightful new two-toned color combination of ruby and silver. King Alfred has been a successful winner of prizes in many sections of our country this past season. Its great beauty of color makes King Alfred a great favorite.

Seal's Dahlia Seed

Gorgeous Dahlias May Easily

Be Grown the First Year from Seeds

HAVE YOU EVER TRIED GROWING OUR
CALIFORNIA DAHLIA SEED?

Raising Some Great Dahlias of Your Own

Undoubtedly one of the most fascinating phases of dahlia culture is the origination of new varieties from seed and the real thrill in growing dahlias is producing new varieties. Growing dahlias from seed is a lottery but it is great sport and you may be the lucky winner of some fine new dahlias and to know the joy of having a seedling patch.

We would advise for best results for general purposes, Collections A or B, as they are made up of specially selected varieties from the most famous novelties and can be planted from March 1st to May 1st, and to May 15th in a frostless belt.

"My seed I got from you last year were a real surprise and joy." Ky.

"Last year I had 30 very lovely plants. One was a dead ringer for your King Alfred." Colo.

"The seed came up a 100% and we have some blooms of ten inches and they are all beauties." Philippine Islands.

"Surely get a thrill in watching your seed grow, and have been lucky and pleased with the style of dahlias they produced. Received highest award for first year's seedling." Md.

"Out of the 45 seed I had from you I had 43 plants over half producing doubles and are far the best seedlings have ever had the pleasure of growing the past fifteen years. Several of the seedling are outstanding and will hold their own with the best in my garden." Pa.

DAHLIAS

NOVELTY AND STANDARD

We are using the new Classification of the American Dahlia Society, as follows: Cactus (Cac.); Semi-Cactus (S.C.), formerly listed as Hybrid Cactus; Formal Decorative (F.D.), those with regular arranged petals; Informal Decorative (I.D.), those with curly twisted, irregular arranged petals.

The varieties listed below are desirable additions to any garden, and regardless of price they are all beautiful. The more expensive varieties are higher priced only because there are fewer on the market.

- ADIRONDACK SUNSET I.D. ("Parkway")**—Color a vivid scarlet, shading to a bright canary yellow at base. The petals are long and broad, and form a high tight center, showing the deep gold reverse of petals. The plant is a strong robust grower, a very free and constant bloomer, that needs very little disbudding to attain large size. Long stiff cane-like stems, well above the large thick insect resistant foliage.....\$2.00
- ALEX CRAIG (Cac.)**—Canadian. Lovely pink with creamy center; perfect stems; large size and a free bloomer.....\$1.00
- ALICE HUME (I.D.)**—A new Australian of huge size and perfect form on stiff stems. Color is a golden apricot with slightly darker center. One of the finest dahlias we have ever grown.....\$1.00
- *AMBASSADOR (S.C.)**—Of largest size, soft yellow with salmon and pink shadings. Held erect on strong stems.....50c
- *AMELIA EARHART (Cordes) S.C.**—Apricot-buff with salmon shadings. This very large and beautiful dahlia has the distinction of being the winner of two Achievement Medals. Bloom is richly colored, large and deep, held on a good stem.....\$1.50
- *AMUN RA (Seal) F.D.**—Resembles a gorgeous setting sun. Copper, orange and gold, deepening to a reddish bronze at the center; giant bloom on erect stem.....40c
- ANDREA ERICKSON (I.D.)**—A large and exquisite dahlia with long curly petals of purest white.....\$1.00
- *ANGELO ROSSI (Redfern, 1935) I.D.**—A giant flower of golden apricot shading to a golden yellow center, with long stiff stem. Angelo Rossi has already proved its ability to grow successfully everywhere. This novelty won the cup offered by President Zamorra of Spain. Winner of honors in Holland.....\$2.50
- ANNA BENEDICT**—Red, and certainly one of the finest all-around dahlias ever produced. One of the very best keepers, does not fade, grows to good size on fine long stems, and its color is strikingly rich.....\$1.50
- ASCENDANT (Rudolf) I.D.**—A new and beautiful dahlia of clear pink lavender color. The lovely flowers are very large, of great depth and substance and held high, on long stiff stems, above a fine growing bush.....\$2.50
- *AZURA (Ballay, 1935) I.D.**—One of the most attractive dahlias in our garden. Very large, deep flowers that can be grown to 12 or 14 inches in diameter. Long, strong stems; tall growing. A beautiful lilac pink in color.....\$3.50
- *BETTE DAVIS (Cordes) S.C.**—Lavender rose. In all respects a very useful dahlia. The sturdy plant blooms most freely through the whole season. Flowers are of good size on long perfect stems. Very pleasing color.....\$2.00

DAHLIAS AND SEEDS

- BETTY COLTER (Success) I.D.**—Light salmon red. A very worthy variety of distinctive coloring and pleasing form. Has achieved much popularity wherever shown.....\$1.00
- *BOSPHORUS (Ballay, 1935) I.D.**—Deep burnt orange or golden brown. A fine, large well-shaped flower in a color that is new and gorgeous. Certificate of Merit at Storrs....\$2.00
- *BROOMALL'S PINK (Stephenson) I.D.**—Bright pink. This is Mr. Broomall's newest dahlia and he certainly has never put out one of a lovelier color, a brilliant clear pink. Flowers are large, well formed and borne freely on a medium tall plant. Much admired wherever shown.....\$5.00
- BUCKEYE KING (Peck) F.D.**—A large clear glowing amber of good depth on long stiff stems. The full centered blooms are held at a nice angle and this is a fine easy growing variety. Each.....75c
- *CALIFORNIA IDOL (Ballay, 1935) I.D.**—Immense deep flower of clear glistening yellow—a true pastel shade. In size it ranks with the very largest and has been grown to 14 inches or more; has excellent stems, long and erect and is early bloomer and good root maker. Gold Medal Dahlia at San Francisco and the winner of Achievement Medal at Boston. California Idol has the capacity to win as the Largest Dahlia or Best Dahlia in the Show. California Idol was the 1936 Showroom **Champion**, winning major prizes in almost every show in the country.....\$2.50
- CAMEO (Sanhican) I.D.**—A large, luscious colored flower, shading half way between old rose and salmon, but brighter, with golden sheen on face of petals. An extremely beautiful flower in daylight and even more so under artificial light. Stems long and straight. Honor Roll Dahlia75c
- *CATHERINE KEMPKEY (Seal, 1936) I.D.**—A most beautiful bronze apricot blossom with long fluffy petals deepening to a perfect center of burnt orange, and covered with an iridescent sheen, adding an exquisite charm. The large full flowers, frequently 12 inches in diameter, are carried perfectly erect on long stems. The medium-tall bush is of a most vigorous growth and covered at all times with these beautiful blooms. A grower of fine dahlias in the East wrote that "Catherine Kempkey is one of the loveliest flowers we ever grew or saw this summer. It is superb, exquisitely lovely and a consistent bloomer."....\$3.50
- *CHARLES G. REED (F.D.)**—Exactly a petunia red is what an authority called it—a lively shade, not far from crimson. The blossoms are unusually large. They are held upright on perfect stems; big, broad petals; a deep, full center.....\$1.00
- *CHEROKEE (Ballay) S.C.**—Lavender pink with light center. Flower is large and deep, stems are extra long and stiff. An improved Marion Bloomall. Invaluable as a cut flower.....\$2.50
- *CORAL SEAL (Seal, 1937) I.D.**—This beautiful dahlia is in color a pure rich glowing coral. It is a sport of the well known "Mrs. Alfred B. Seal"—the old rose decorative—and has the same appealing formation and good growing habits. Also, Coral Seal can be grown to over 10 inches with ordinary culture. This very lovely flower has fine long stems and is tall growing.....\$2.50
- DAILY MAIL (I.D.)**—Deep yellow shaded orange. A fine importation from England both in the matter of size and habits. Excellent flowers are produced freely and continuously on long fine stems. Very good variety.....\$1.50
- *DIXIE RAVENSCROFT (Seal) I.D.**—A glowing flame in color with a reverse of bright gold. The petals have a delightful golden sheen and twist and turn, making a two-toned effect, so full of gaiety and cheer. The flowers are massive with great depth. Stems are long, stiff and strong, holding the gay blossoms high above a healthy bush which is constantly in bloom.....\$1.00
- *DRUM MAJOR (F.D.)**—Pale gold with a reverse of deep r gold. A very, very tall dahlia, standing head and shoulders above all the rest, and very large and showy. Not an early nor particularly free bloomer but all flowers are perfect on extremely good stems.....\$1.50
- *EAGLE ROCK FANTASY (I.D.)**—Clear lavender pink or pure mauve. Of ideal habit and mammoth size. Stems are long and stiff. This dahlia is most outstanding.....\$1.00

- *ELIZABETH RETHBERG (Meussdorffer) I.D.**—Clear pastel pink. A large, full flower of good substance, with very long stems. Always a sensation at the San Francisco show. Considered by many as her finest introduction.....\$5.00
- EMILY DUNCAN (S.C.)**—Very fine variety of creamy pink. Long stiff stems hold the blooms facing. The bush is nicely branching and many flowers at one time.....\$1.00
- *EUGENIA BALLAY (I.D.)**—Rich cream. It is very early. Under favorable conditions the blooms will easily attain 10 to 12 inches.....\$1.00
- *FLAMING METEOR (I.D.)**—Flaming orange-scarlet deepening to burnt orange at center. Flower large and deep, with splendid stems.....75c
- FOREST FIRE (Dahliadel, 1935) I.D.**—Large, brilliant blooms of scarlet suffused yellow, with fine stiff stems. A bright and showy dahlia to brighten up the garden. Disbud well, as it is a strong grower and profuse bloomer.....\$1.50
- *FRANK SERPA (Serpa-Seal, 1935)**—An informal decorative of exquisite beauty—light amaranth pink produced by petalled tips of mallow pink growing lighter towards the base of petals, turning to a delicate orchid pink; the two-toned effect gives the flower a beautiful crisp appearance. Extra long clean stems hold the blooms very high above a plant four to five feet high that is a vigorous grower. This lovely dahlia has won many prizes and the 1934 Achievement Medal in San Francisco and is on the Roll of Honor. Frank Serpa also has won this past season in the East, where it was considered very beautiful and one of the best dahlias from California.....\$1.00
- GALAXY (C)**—A new English cactus of fine form and large size with incurving petals held erect on long strong stems. Color is bright yellow, heavily penciled with scarlet. Very showy.....\$1.50
- *GRANDEE (Ballay) I.D.**—Striking combination of Spanish red and golden orange yellow. Winner of the 1933 American Home Achievement Medal at San Francisco and Largest Flower at many shows. We have had 15-inch blooms without forcing or shading on plants 4 feet tall. The immense blooms are held on stiff long stems.....\$1.50
- GOLDEN STANDARD (New S.C.)**—Of fine form and size. Warm buff shading to amber and gold. Very large bloom held high above foliage on long, straight stems. A "Best Keeper"\$1.50
- *H. R. S.—HUBERT ROY STOVEL (Seal, 1935) I.D.**—This informal decorative is a glorious rich real yellow in the garden and under artificial light. The huge blossoms easily grown from ten to thirteen inches in diameter, have great depth, very long wavy twisting petals and perfectly closed centers that are always full. Blooms held erect on long strong stems above a very vigorous luxuriant plant. This superb dahlia of rich golden yellow has given joy and satisfaction wherever grown and does not burn even in a very hot climate. Lasts for days on the plant and when cut. H. R. S. won many awards of first prizes in shows throughout the country this past season. A large stock of this lovely dahlia makes it possible to offer at the price of.....\$1.00

***KAWEAH (Meussdorffer) I.D.** — Color is hard to describe, a deep, clear, rose-cerise, center of petals shading to a rich, velvety cardinal toward the center of the flower, and when fully matured, shade lighter toward the tips of the petals, almost mauve or orchid. Blooms of 15 inches diameter, and very deep, are common, and these tremendous flowers are held perfectly erect on very long, extra strong, stiff stems.....\$1.50

***KING ALFRED (Seal, 1936) I.D.**—Immense, full velvety blossom the color of a brilliant rich, red ruby with crimson shadings. The long silver-backed petals turn and swirl showing the silver lining, making an unusual and delightful new two-toned color combination of ruby and silver. The flowers of great substance and depth can easily be grown to a diameter of 12 to 14 inches. The immense blooms, on long stiff stems, face you. The centers are perfect and hold to the end of the season. The plant is of medium tall height and vigorous growth. The flowers are excellent keepers, and last for days, both on the plant and when cut. To those who love color, this dahlia will bring hours of intense enjoyment. King Alfred has attracted more attention in our garden than any other dahlia owing to its great size and alluring unusual color combination. See illustration on this page, also on page 3.....\$5.00
